

WHAT'S NEW IN PASS STANDALONE 2005

Single user versions

- o Primary v1.2
- o Secondary v1.0
- o Practitioner v 1.0

All converted to PASS Standalone v1.0 with new updater / patch files.

Improved features include:-

- NEW 2005 BENCHMARKS - larger year groups, more representative up-to-date sampling reflecting national pupil attitudes for cohorts across 2004-2005.
- Improved interface - bug fixes to facilitate greater stability of initial data entry screens.
- Installer additions include:
 - o shortcut screens to individual pupil student records accessible from the Windows Start Button.
 - o Automatic ongoing on-line update utilities built into the start>Programs Windows interface.
